

Introduction

Thanks you for taking the time to read about the Gwinnett Jets. We hope you will share our vision for community involvement and second chances. The team is managed by business leaders seeking to give back to the community. We provide a second chance for talented young athletes seeking entry into, DI or DII colleges or on a professional major league team. In addition by providing another venue for quality family entertainment we will add to quality of life of our community

Standards

The Gwinnett Jets players must always conduct themselves with respect. That means that each player must behave as if they are in the presence of Ward and June Cleaver.

Gwinnett Jets
Minor League Football Team

www.gwinnettjets.com

No player is allowed to use offensive words during practices, games, or during official team functions. Fighting is never permitted; the team has a zero tolerance rule. No player is allowed to use negative words towards our fans, the referees, our coaching staff, front office staff, teammates or the opposing team. The Gwinnett Jets is a Drug Free Team. The team conducts random drug testing of each player during the season. Each player understands that they are required to be true role models for our young fans.

Jets' History

The Gwinnett Jets is a minor league football team founded in Duluth, GA January 2009 and proudly represents the Southern Football League. The SFL is a thirty-one year old Minor League Football League that is dedicated like the

Gwinnett Jets to giving athletes a second chance to showcase their talents. More over this league also provides opportunities for young athletes to develop the acquired skills needed to excel to the next level. The Gwinnett Jets share the SFL's ideals wholeheartedly while also pushing proactive community involvement. We plan to build long-lasting bonds within the community that will help kids

to finish school, go to college and remain drug free. The Gwinnett Jets are soaring into their second season with a league record; after defeating all other teams within their division in our inaugural year. Throughout our short history, the Gwinnett Jets has remained focus and committed to excellence both on and off the field. It is this spirit that lead us to make it to the 2009 Championship game battling the reigning league champions (i.e. the Vikings).

Jets' Professionalism

Our management team is head by business owners and business professionals with long careers in their profession. These individuals bring a wealth of business knowledge and experience to create a forward thinking organization with old fashion business values and modern ingenuity. They have the best of the best. Lead by their CEO Rowan Reid who started several successful companies ranging from Rental Management to Armed Security Service. In 2008 he turned his sights on starting a football team with a modern way of thinking and presentation of minor league football teams

and games. The G. Jets is run as if it were a major league team. We employ sports professional to manage the core areas of our team from sports writers, announcers, referees, cheerleaders, security officers, therapists, and award winning coaches. Our games includes live radio broadcast, video interviews of the players, owners and the coaches, along with marching bands, color guards, to a community inspired half-time shows.

Jets' Record

The G. Jets won their division last year after a 10-1 season. In addition, the Gwinnett Jets is a regionally ranked team with only one year in existence. The Jets are currently ranked thirteenth (13th) in the South Eastern Region.

As an added note several Gwinnett Jets' players have gone on to play in both Arena II and with other major league football teams. The Jets' determination and commitment have allowed us much success in our first year. We are proud of our players and coaching staff. Well done Gwinnett Jets.
